DEROFE

FINE WRITING INSTRUMENTS SINCE 1947

Celebrating over 60 years in the industry, Global Catalogue introduces the **DEROFE** Fine Writing Instrument range. This range is a selection of precision writing instruments to satisfy those with a passion for writing.

Derofe Ballpoint Pen

Each Derofe ballpoint pen is fitted with an exceptional Swiss made ballpoint refill which writes over 9,000 meters (by comparison, a standard refill will write under 1,000 metres).

Given the superior life of this refill, each Derofe Ballpoint pen will stand the test of time, and reflect the quality of your brand. Each pen is fitted with a medium, black ballpoint refill and an additional medium blue refill is also included in the elegant presentation box.

Derofe Roller Ball Pen

Each Derofe roller ball pen is fitted with the superior German made Hauser "OPEN" black ink refill, with an additional black refill, included in the elegant presentation box. The Hauser refills are renowned for their incredibly smooth delivery system that will not scratch the paper or dry out, even when the cap is left off.

Packaging

Every DEROFE Fine Writing instrument is immaculately presented in an elegant black presentation box. Writing instruments can also be packaged as sets on request.

Personalising / Engraving

A DEROFE Fine Writing Instrument will epitomize integrity, quality and durability. When permanently laser engraved, it becomes a personalised gift that can be appreciated for many years to come and is perfect for any occasion. Suggestions include:

Christmas or seasonal gift to your clients, thanking them for a successful year of business. Engraving your clients name on the pen gives a subtle, yet personal finish.

A present for any occasion, with your brand subtly engraved. A DEROFE Fine Writing Instrument makes a good alternative to the traditional flowers or bottle of wine.

A promotional tool with your logo or brand name prominently displayed to advertise your business.

Costs

The unit price includes the writing instrument of your choice, the elegant black presentation box, one additional refill, engraving in one position on each pen, as well as a 2 year warranty. An engraving setup charge of \$70.00 applies for any number of individual names or per logo irrespective of the number of pens. All prices are + GST.

For other decoration methods or options, please contact your distributor.

We hope you enjoy the experience of owning or giving a DEROFE Fine Writing Instrument.

Warranty

All DEROFE Fine Writing Instruments are covered by a two year mechanical deficiency warranty.
